LEADERSHIP ACTIVITIES at the University of Maryland Baltimore County**Department of Education, UMBC**

Department Chair & Professor. Department of Education, August 2022-Feb. 2024 (1.5 yrs)

Innovations. Led the department in changing its culture to a more positive work environment for all. Changing the culture required hiring new staff, fostering a collaborative work environment, developing systematic processes & practices, and helping people value themselves and their work. The culture change involved collaborations from the universities Talent Learning & Organizational Development/Human Resources group as they engaged in monthly sessions with department faculty and staff. In addition, professional development and leadership training was provided through these support mechanisms. Managed a weekly recruitment and marketing taskforce. Facilitated marketing and recruitment material development and holding events -- on campus and in the local community. Used systems thinking to improve department processes (e.g., Organized the creation of a Department Operations Manual and Core Staff Operations Manual; facilitated staff developed job-aids, tracking sheets and checklists to increase efficiency and effectiveness).

Key Achievements:

- Managed and conducted a yearlong marketing and recruitment campaign - *Keep Your Major. TEACH!* The campaign sought to recruit undergraduates into the profession of teaching. We signed up 200+ students with an interest in becoming a teacher.
- Facilitated the development of a department 'equity' statement over several department meetings.
- Guided a committee and faculty to create and adopt a set of new Rules and Procedures in place of Robert's Rules of Order.
- Moved the department to vote on the Association for Advancing Quality in Educator Preparation (AAQEP) as our new teacher education accrediting agency.
- Increased enrollment in the Master of Arts in Education by infusing the program with scholarship monies.
- Guided faculty in the development of Diversity, Equity, Inclusion and Access (DEIA) statements to be included in promotion and tenure documents for tenure line and clinical faculty.

Leadership. Provided leadership to all department programs -- Early Childhood, Elementary, Secondary, Teaching English to Speakers of Other Languages (TESOL) and the Master of Arts in Education: Math, STEM/Science and Computer Science. Led 48 faculty, staff, adjuncts and graduate students in the department. Hired and provided leadership support to 100+ mentor teachers, supervisors and site liaisons. Managed relationships with 43 elementary, middle and high schools in Maryland throughout the teacher preparation program. Provided leadership in developing, carrying out, and revising the department's mission, vision, and bylaws. Aligned department practices with the college and university (e.g., hiring policies, telework).

Budget and Resource Management. Planned, managed and distributed budgets totaling \$7.45 Million. (Accounts: Operating budget \$2.6 Million, Endowment \$4.1 Million, Faculty grant funds \$300,000, Revenue

\$450,000). Authorized the department's education grants totaling \$1.6 million acquired from external and internal faculty research. Engaged in a strategic process to balance budgets across programs.

Facilitated merit increases based on faculty annual reports and staff performance management reports. Supported faculty and staff retention through merit and equity adjustments.

Personnel. Recruited outstanding faculty members through search processes that ensured inclusive excellence. Managed the hiring of staff. Supported the retention of faculty and staff. Conducted performance evaluations of staff. Supported faculty and staff with personal and professional concerns.

Faculty Development. Mentored, championed and provided faculty support towards successful promotion and tenure. Allocated and authorized departmental resources for faculty support. Authorized and wrote support letters for sabbatical, leaves and funding. Apprised faculty of internal and external research and family/medical support. Managed probationary reviews, contract renewals, promotions, annual reviews, comprehensive reviews, and adjunct promotions.

Staff Development. Mentored, championed and provided support for staff. Provided financial resources for staff to engage in professional development in areas such as accreditation, program improvement and student recruitment. Encouraged staff to seek online training to enhance skills and/or pursue higher academic education.

Students. Championed and supported student success, recruitment, advising and orientation. Facilitated student's successful path through program requirements, degree completion and/or teacher certification.

Course Scheduling and Staffing. Facilitated the scheduling and staffing of courses; developed a schedule of courses for the upcoming semester or session; supported the university workload and scheduling policies; and facilitated the hiring of instructional adjuncts, supervisors, liaisons, mentor teachers and graduate students.

Community Outreach. Led the department in building partnerships with local, national and international schools, school districts, universities and communities. Established and maintained memorandums of understanding with constituents.

Other Duties. Facilitated and represented the department's Year Three Reviews and Academic Program Reviews, completed assessment of the college's Student Learning Outcomes, oversaw grant routing, maintained department formal policies, and responded to university and state entities.

Principal Investigator

Grant: *Childcare, Career and Professional Development Fund, 7/2023-9/2024 (1.2 years)*

Innovations. Facilitated the expansion of the program to Judy Centers in Baltimore County and City.

Budget and Resource Management. Planned and managed budget allocations for Co-coordinators and UMBC students enrolled in this program. Budget \$100,000 per year (2023).

Personnel. Interviewed, hired and supervised personnel. Responded to student issues. Provided conflict resolution. Encouraged and supported personnel in the implementation of their work.

Grant: *Maryland Center for Computing Education and Sherman Center Faculty Research Award, 2020-2022*

Innovations. Built computational thinking manipulatives for preschool children to teach the concepts of

patterns, problem solving and representation. Created an eLearning module that teaches computational thinking concepts and equity in education to preservice teachers and university faculty.

Budget and Resource Management. Planned and managed budget allocations for personnel, travel, materials, and supplies totaling \$105,000 (including indirect costs). Worked with Maryland Institute for Policy Analysis and Research (MIPAR) who distributed the budget and ordered materials. Managed aftermath of transitioning projects and budgets due to COVID-19.

Personnel. Interviewed, hired and supervised personnel – 9 total (4 adults, 5 graduate students). Responded to grievances. Provided conflict resolution. Encouraged and supported personnel in the implementation of their work.

Faculty Development. Planned and prepared online professional development workshops on computational thinking for 50 people. Coordinated personnel in the implementation of the workshops.

Participant Recruitment. Collaborated with stakeholders at UMBC, local school districts and schools to gain entry to conduct research. Prepared and obtained Internal Review Board approvals from UMBC and any additional school district's applications needed for participation in the study.

Outreach to Local Communities. Worked with surrounding school districts (e.g., Baltimore City Schools), local schools (Lakeland Elementary Judy Center), school administrators and teachers to conduct research in their classes or schools. Attended local meetings with the Maryland Center for Computing Education (online and face-to-face) and stakeholders to complete research.

Program Director Elementary Education, 2018-2022 (4 years)

Innovations. Developed and proposed for an innovative paraeducators program for Baltimore County Public Schools (BCPS) titled Mobilizing Educators To Teach (METT), BCPS/UMBC Elementary Master of Arts in Teaching Program that included: 2.5 year program, blended online instruction (synchronous & asynchronous), structured course content, and on the job field experiences for Phase 1 and Phase 2. Implemented a program improvement plan that filled gaps in our Master of Arts in teaching degree and credentialing programs. (For example, the program did not have established courses for the field experience or seminar in Phase 1). Designed an advising instrument called Mapped Course Outline -- to map student coursework over several semesters in 5 to 10 minutes. Developed a color-coded Student Mapping System that provided a visualized individual progress snapshot of each student's academic progress. Created a 25-point matrix to assess other institutions of higher education as part of an environmental study.

Personnel. Interviewed, hired and mentored adjuncts for teaching positions and graduate students for elementary program assistantships. Held regular meetings with faculty, staff, and adjuncts.

Development and Advancement. Developed relationships and collaborated with content area departments across campus (e.g., Psychology, English). Collaborated with the Sherman Scholars Program who identified eligible students as Sherman Scholars, provided scholarships and mentored our students. Worked with the Center for Early Learning in Urban Communities that provided competitive research grants to faculty. Attended meetings and corresponded with the Sherman Centers to build relationships.

Policy, Planning and Assessment. Managed state and university policies with programs, faculty and staff. Facilitated policies set forth by the Maryland State Department of Education and Council for the Accreditation of Educator Preparation (CAEP). Determined program alignments with standards from the National Association for the Education of Young Children and International Society for Technology in Education. Managed the alignment of coursework and program requirements with state and national mandates. Aligned the elementary

program curriculum with state requirements for the Master of Arts, credentialing program requirements and required background courses. Assessed work performance of graduate assistants. Participated in writing reports for accreditation and other initiatives. Provided yearly program progress reports to chair.

Program Development. Developed, conducted and facilitated a Program Improvement Plan (PIP) every Fall and Spring semesters. Some key achievements: developed instruments and processes to increase efficiency and effectiveness (e.g., 1. Mapped Course Outline, Color-coded Student Mapping System, and Non-credit course). Experimented with the implementation of EdTPA a new evaluation process for preservice teachers.

Scheduling. Managed course enrollments, listings, descriptions, and new courses. Scheduled faculty and adjunct faculty for unassigned courses.

Student Issues. Managed challenges and situations with faculty, students, adjuncts, mentor teachers, supervisors and community stakeholders. Supervised graduate assistants and student workers assigned to program. Responded to all student inquiries. Led staffing/advising of potential education students and those enrolled in the elementary program. Maintained a master list of student progress in program. Collaborated with department offices on students' academic and professional progress. Coordinated field experiences with the Office of Field Experiences and Clinical Practices for students in Phase I and Phase II of their clinical practices. Informed students about scholarships, the Sherman program and other funding opportunities. Wrote letters of recommendation for students.

Faculty Development. Encouraged adjunct faculty to take on additional training in online learning and PIVOT+ during COVID-19. Supported and facilitated the process of adjunct faculty to move up to Adjunct II.

Student Recruitment and Retention. Managed enrollment. Reviewed admissions applications for all incoming students. Promoted the BA/MA program as a path to the Master of Arts in teaching and elementary teaching credential. Submitted proposal to Baltimore County Public Schools to recruit paraeducators to the new program METT.

Outreach to Local Communities. Engaged stakeholders in the local community: Baltimore County, Baltimore City and other PDS district partners, as they supported our students in local elementary and middle schools. Engaged in community outreach (attended meetings about collaborations; participated in community events, served as a guest speaker, and conducted professional development).

Promotion of Department Activities. Held online orientations for new and existing students every semester.

Other Leadership. Served on the leadership, assessment and scholarship committees.

Search Committee Chair, Elementary Literacy, 2 years (2019-20202), Math Education (2010-2011), and Elementary Literacy Education (2005-2006), UMBC

Managed groups of 6 to 8 faculty and staff in the preparation, evaluation, hosting, interviewing and hiring of candidates for 4 tenure line faculty positions at the ranks of Advanced Assistant and Associate. Attended UMBCs STRIDE training for broadening diversity hires. Managed and prepared a recruitment plan for inclusive excellence that consisted of strategic actions related to the diverse makeup of the search committee, strategies and tactics for recruiting candidates of color, job announcement, advertising and promotion plan, personal contacts that each faculty member would approach, evaluation process with rubric, interview process and plan for hosting short-listed candidates. Evaluated 40 to 100 applications in each search. Organized and implemented each stage of the recruitment plan with the search committee. Managed the development of the job announcement and subsequent revisions. Conducted online and face-to-face interviews with short-listed candidates. Facilitated and approved the scheduling of candidates for on-campus interviews. Kept the department and chair informed of our progress. Worked towards a successful hire.

College of Arts, Humanities & Social Science (CAHSS)

Special Assistant for Strategy and Innovation with the CAHSS Dean's office 2021-2022
(Summer project)

Innovations. Guided the college through programmatic initiatives that encouraged innovation and assisted the college in becoming a stronger entity within the university structure. Executed CAHSS' Inclusive Community Initiative with a yearlong series called *Looking in the Mirror* that provided faculty and staff an opportunity to discuss important Diversity, Equity and Inclusion issues such as: toxic niceness, mental health, equity, micro aggressions, transparency, and systemic racism.

Synthesized data from three on campus working groups (Women's Faculty Network, Inclusion Council and the Faculty Caregiving Advisory Committee) to develop the series that sought to help the campus heal and grow as a community.

LEADERSHIP ACTIVITIES in Proticity, LLC - my own company

Proticity, LLC

Chief Executive Officer, 2016-Present

Innovations. Built *Proticity*, a learning analytics software, designed to aid higher education faculty in improving their teaching and how students learn. The software remains in its prototype stage.

Budget and Resource Management. Planned and managed budget allocations for personnel, travel, materials, and supplies totaling \$46,893. Worked with the department's financial manager to facilitate payroll, supply orders and vendor payments.

Funding. Awarded the Technology Catalyst Fund grant \$24,893 and UMBC department of education matching funds \$22,000 which provided SEED funding to build *Proticity*. Wrote and received reimbursement funding from the Maryland Technology Internship Program for hiring a student intern in 2019. Wrote the following unfunded grants to further fund additional development of *Proticity*: Small Business Innovation Research (SBIR) Program in 2020 and 2018, and Maryland Innovation Initiative: Innovation Commercialization Program TEDCO (2016).

Personnel. Interviewed, hired and mentored 17 computer science and information systems undergraduate and graduate students in the development of *Proticity*. Two students wrote their final masters project papers on an app versus cloud-based version of the software.

Development and Advancement. Met with David Fink: UMBC site minor/entrepreneur mentor, Office of Technology Development several times a year to discuss the development of *Proticity*, becoming an entrepreneur and funding opportunities.

Professional Development. Competitively selected and took course TEDCO MII Lean Innovation Course (May-July 2017) with TEDCO and the Maryland Innovation Initiative. This course introduced participants to the key concepts and methodologies used in I-Corps that is a market assessment and validation program pioneered by the National Science Foundation. Conducted customer interviews, presentation of findings and producing a Minimum Viable Product (MVP). Interviewed 42 customers (corporate, university and community college) to determine the viability of *Proticity* as a product.

Diversity Efforts. Hired an ethnically diverse group of employees. Worked directly with employees who were South East Asian, Korean, Chinese, African and African American.

Networking with Local Communities. Selected entrepreneurial conferences attended from 2016-2018:

TEDCO's Entrepreneur Expo & STEM Cell Symposium (October 2018); Saul Ewing selected 2018 workshops: "Sharing Equity with Co-Founders and Employees," "Knowledge Strategy-A Roadmap for Innovation," "Strategic Alliances," "The Entrepreneur's Guide to Early-Stage Financing;" Emerging Company Round Table Discussion: Avison & Young (December 2017); and Life Sciences and Technology Practices (Jay Reilly) Saul Ewing, (September 2016).

LEADERSHIP ACTIVITIES as an Editor

INNOVATIVE ACHIEVEMENTS & AWARDS

Multimedia Productions:

- [Principles of Computational Thinking in PreK-20 Education](#). eLearning module to introduce preservice students, teachers and higher education instructors the basics of computational thinking.
- *Proticity*, a learning analytics software, designed to aid higher education faculty in teaching and improving student learning, 2016 to Present.
- *The Wake*, a digital children's story. Part of the educational series Urban Tales Educational Program that teaches children (grades PreK-2nd) how to read [prototype], Howard University, Washington, D.C., 2005.
- *The Missing Cookie* (an educational video that teaches young children sight words; writer/director), California State University East Bay, Hayward, CA, 1994
- *The Rain Knows Its Enemies* (a dramatic 45-minute video; writer & director), New York Institute of Technology, New York, NY, 1985.
- *The New York City Museum* (a video documentary about street art in and around New York City; writer, editor), New York Institute of Technology, New York, NY, 1984.

Grants & Fellowships Awarded:

- Certificate of Achievement in the Scripts category of the November 1992 Writer's Digest Magazine November 1992
- Video grant received from the non-profit organization Women Make Movies - New York, NY, 1991.
- Fellowship recipient of the Multicultural Children's Literature Institute at the University of Wisconsin, Madison [expenses paid to weeklong institute] (Listed in Lindgren, Merri V. (1992) *The Multicolored Mirror: Cultural Substance in Literature for Children and Young Adults* Fort Atkinson: Highsmith Press), 1991.

ACADEMIC HONORS & AWARDS

Lifetime Achievement Award: Recipient of the 2023 Dean's Medallion award from the IU School of Education and Dean Stacy Morrone! The Indiana University Bloomington School of Education Dean's Medallion is a lifetime achievement award given to individuals who have demonstrated an unwavering commitment and distinguished contributions to the betterment of society through education. Honorees' work must represent extraordinary standards of excellence as evidenced by scholarship or creative activity; professional achievement; or public service.

Association for Educational Communications & Technology (AECT):

- **Outstanding Publication Award for a Book**, Culture, Learning and Technology (CLT) Division, Award granted for most interesting and relevant to CLT, high quality of content, high-anticipated impact to the field and high quality of writing style. *Human Specialization in Design and Technology: The Current Wave for Learning, Culture, Industry and Beyond*, 2021.
- **Exceptional Service Award**, Culture, Learning & Technology Division. Award received for outstanding leadership and service to the division, 2019.

- **Outstanding and Dedicated Service to the Division Award**, Teacher Education Division. Award received for outstanding leadership and service to the division, 2019.
- **Distinguished Service Award**, International Division. Highest service award that recognized a member for leadership, dedication and service to the profession in the international arena and contributions to AECT at large, 2019.
- **Outstanding Journal Article Award**, Design & Development Division. Award received for the article: Integrating Culture in the Design of ICTs (2009), *British Journal of Educational Technology*, 39(1), 6-17.

Other Academic Awards:

- **Communications Arts Club Award- Metropolitan Center**. Awarded to the graduating senior who has contributed for four years to the development of interesting television shows for public access channels through the Communication Arts Club. New York Institute of Technology (awarded May 9, 1985).

RESEARCH FELLOWSHIPS & GRANTS
--

Non-competitive Support:

- \$13,500 UMBC, Department of Education. Matching Grant for On-Ramps to Full Professor, 2019
- \$22,000 UMBC, Department of Education. Matching Grant for *Proticity*, 2017
- \$5,000 Patricia Young Research Fund. Monies sponsored by a UMBC alumni donation, 2016

Competitive Grants Awarded:

- \$100,000 per year, Childcare, Career and Professional Development Fund, Maryland State Department of Education, 7/2023-9/2024
- \$20,000 UMBC, Department of Education, UMBC, CAHSS, Keep Your Major TEACH Campaign, 2022
- \$49,974 Sherman Center Faculty Research Award sponsored by The Sherman Center for Early Learning in Urban Communities, UMBC; *Infusing a Culture-based Computational Thinking Curriculum in Urban Preschools*, PI, Co-PI Deborah Kariuki, 2020-2022
- \$54,511 Maryland Center for Computing Education: *Exploring Computational Thinking with Preservice Teachers & Teacher Education Instructors*, University of Maryland System, PI, Co-PI Deborah Kariuki, 2020-2021
- \$27,400 On-Ramps to Full Professor: Research Acceleration Award, Office of the Provost, UMBC, 2019-2020
- Maryland Technology Internship Program (MTIP), UMBC, Funding reimbursement for companies that hire UMBC interns. 2018-2019
- \$24,893 Technology Catalyst Fund, Office of Technology Development, UMBC, PI; *Proticity: A Mobile Learning Management System That Transforms Teaching in Higher Education*, PI, 2016
- \$7,000-Director's Visiting Research Fellowship, University of Pittsburgh's Learning Research and Development Center, 2011
- \$4,000-Research Seed-Funding Initiative, Office of the Vice President for Research, Co-Investigator, PI: Tyson King-Meadows. UMBC, 2010
- \$1,500-Undergraduate Research Assistant Support, UMBC, 2009
- \$4,000-DRIF Award: Summer Faculty Fellowship, UMBC, 2005
- \$3,903-Fund for Academic Excellence (Travel), Howard University, 2004
- \$3,500-Fund for Academic Excellence, Howard University, 2003
- \$10,000-The University Sponsored Faculty Research Program in the Social Sciences, Humanities and Education, Howard University, PI, 2003-2004
- \$38,000-New Faculty Research Program, Howard University, PI, 2002-2004
- \$4,804-Walter and Theodora Daniel Endowed Educational Research Fund, Howard University, 2002
- \$1,000-Advanced Online Summer Technology Grant, CSUF, 2002
- \$200-Teaching Mini-Grant, CSUF, 2001
- Stipend & Student Assistant, Service-Learning Mini-Grant, CSUF, 2001

- \$550-Summer Technology Institute Grant, CSUF, 2001
- Release time from a course, Research Grant, Untenured Faculty Support Grant Program, CSUF, 2000
- \$1,000-Faculty Awards Program, Travel Grant, CSUF, 2000
- Conference stipend, American Educational Research Association's (AERA) Committee on the Role and Status of Minorities in Educational Research and Development, 2000
- \$1,000 Faculty/Student Research and Creativity Grant, CSUF, 1999
- \$500 Untenured Faculty Support Grant Program, CSUF, 1999

- Supervised Fieldwork in Elementary Teacher Education(Face-to-Face), UG/G, CSUF

MENTORING

IRCEES:

Mentored faculty and administrators for the International Research Collaborative for Established and Emerging Scholars [IRCEES] in Educational Technology supported by the e/Merge Africa and the Culture, Learning & Technology division of the Association for Educational Communications and Technology. IRCEES served as an organization focused on developing a research community of practice to support educational technology faculty researchers and practitioner researchers. Wanjira Kinuthia (e/Merge Africa) and **Patricia A. Young** (AECT-CLT) facilitated the **Culture in Instructional Design** group. The purpose of the group was to initiate a process of exploring how instructional designers and educators use design to make a social difference globally. Presently, six scholars around the globe have received mentorship (2018-2021).

Research & Scholarship:

Mentored an undergraduate Psychology major from Morgan State University. She participated in the BUILD/ASCEND program funded by the National Institutes of Health. The program prepared students for graduate study in their discipline. She worked on the psychological aspects of the *Culture Based Model* by updating all questions, Summer, 2016.

Other Thesis/Dissertation Review:

Dissertation Co-Chair for Shahin Hossain, UMBC, Language, Literacy & Culture doctoral program. 2023-Present.

Dissertation Examiner: Swinburne University of Technology. Candidate Philemon Yalamu, *Cultural Integration in Designing Learning Management Systems for Higher Education*. December 2021.

PRESENTATIONS
